The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 10 and 12 are rejected under 35 U.S.C. 102(b) as being anticipated by Carter (U.S. Patent 2,228,946).

Carter shows a livestock chute, which attaches to the rear of a trailer 8 having an upper chute section 32, and a lower chute section 14.

Re claim 12, the chute attaches along a plurality of hinges 33.

Claims 11 and 13 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 1-9 and 14-17 are allowed.

Applicant's arguments filed 3/15/2006 have been fully considered but they are not persuasive. Broad claim 10 only requires a chute with upper and lower sections that attaches to a truck. Figure 1 of Carter clearly shows a lower section 14 and an upper section 32 that includes rails 30. The lower section has separate rails 22. Thus, there are clearly upper and lower sections.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
